The 748th Supply Chain Management Group (Planning & Execution) sustains weapon systems worldwide by providing Supply Chain Management life cycle support to include developing enterprises demand/supply plans, developing/implementing sourcing strategies, executing the supply plan, and executing cognizant engineering authority to meet customer requirements for aircraft structural and avionics systems, landing gear, secondary power systems, and Space & Command, Control Communications and Intelligence commodities.

Supply Chain Management Contracting faces many challenges that local small businesses may be able to resolve. Hill AFB wants to support small businesses and the local community through competitive acquisitions and hopes to draw on the capability and flexibility of small businesses to accomplish these small but recurring requirements.

Date: Thursday, January 23, 2020

Time: 9:00 AM—11:30 AM

Registration: 8:30-9:00AM

Location: Weber State University Davis Campus

Building D2, Room 110

2750 No. University Park Blvd., Layton

Procurement Technical Assistance Center (PTAC) offices assist small businesses with all phases of government contracting-federal, state, and local. Counselors provide one-on-one and group instruction that helps clients identify contracting opportunities that create growth of market share and revenue. The PTAC/LSI business development partnership expands on PTAC services.

For more about the PTAC Team services designed to grow your business, visit: <https://business.utah.gov/ptac>
